ACASS recruits, screens, and supplies the right pilots, cabin crew, and maintenance technicians for full-time, part-time and contract positions. Flexible options mean we can recruit for you to hire and employ on your own or we can maintain an active employment and management role.

FLEXIBLE OPTIONS TO SUIT YOUR NEEDS

ACASS began as a flight crew staffing company in 1994, and we have supplied pilots for all major business aircraft types in 56 countries. We are uniquely equipped to provide flexible crew staffing options for today's aviation world. Recruitment for direct hire, short/long-term contract, even contract to permanent: the choice is yours.

Permanent, Direct Hire

ACASS recruits, screens, and presents you with qualified candidates according to your specifications. You decide who to interview and hire.

- ✈️ A dedicated head recruiter ensures only the right candidates are presented and your needs are met.
- ✈️ As an operator ourselves, we understand the nuances of finding the right crew member.
- ✈️ With boots on the ground around the world and a global network of connections and resources, we can find the right crew wherever they may be.

Short/Long Term Contract

We recruit and supply you with crew on a contract basis according to your specifications. ACASS remains the employer of record.

- ✈️ Our recruiters have the know-how, resources, and relationships to find the right crew fast.
- ✈️ Our designation as your crew's employer of record and our proven risk management structures and practices relieve you of labor-related responsibilities/liabilities.
- ✈️ We manage all crew pay and related expenses.

Contract to Permanent

We recruit and supply you with crew on a contract basis. If you're happy with them, you have the option to transition to a permanent/direct hire.

- ✈️ Option to "try before you buy" gives you all the advantages of our recruitment team and resources without the immediate need to commit to a permanent or long-term hire.
- ✈️ We remain the employer of record for as long as you need us to.
- ✈️ If a contract hire isn't the right fit, we can quickly find you a replacement.
