# AIRCRAFT CHARTER

Chartering an aircraft with ACASS offers the time savings, convenience, discretion, and safety of flying privately without the burdens of ownership. We can source virtually any aircraft size and type from anywhere in the world for unparalleled flexibility and value. And with a dedicated account manager for personalized service and rapid response, the booking process is as swift and comfortable as the aircraft itself.

**We offer two charter arrangements to accommodate your situation and needs.**

## On Demand

- ✈ Ultimate flexibility for clients who have occasional flight requirements.
- ✈ Trip by trip aircraft options tailored to your budget, passenger count, and trip distance, with no commitment beyond each individual flight.
- ✈ Your dedicated ACASS account manager will source your charter from our own expert-curated fleet and those of partner operators to find the perfect selection and optimal aircraft location.
- ✈ We find the greatest value without ever compromising on our rigorous safety and operational standards.

## Charter Account

- ✈ The most convenient, flexible, and cost-effective solution for clients wishing to fly privately.
- ✈ All the benefits of the On-Demand option with the increased convenience of ACASS managed administrative components, such as contracts and payment transfers.
- ✈ One contract signed at account initiation with fully refundable deposit against future flights. Moving forward, simply call or email your dedicated account manager whenever you need a flight.
- ✈ Three promptly sourced aircraft options for each flight request and all-inclusive pricing.
- ✈ Aircraft options will provide the best value and greatest flexibility based on number of passengers and range requirements.
- ✈ Unlike traditional Jet Cards, the charter account requires no minimum hours, all deposits are fully refundable, and there are no lock-in or expiration periods.
